

Ref:: KPIS 001/2021

January 2, 2021

Dear KPIS Community,

Yesterday, Bangkok Metropolitan Administration (BMA) [announced restrictions on the capital](#) in an attempt to help deter the spread of virus transmission. Among these is the mandate for all **school campuses to close from January 2 to January 17.**

Section 1.25 of the restriction states: “School facilities, tutoring schools and all types of education institution must not be utilized for teaching/ learning, exams, trainings or any other activities which hold a large number of participants except in distanced or electronic form”

As such, **KPIS campus will not be open for students to return January 12** as per our original calendar.

Please note that the The Ministry of Education has asked us to follow this BMA directive strictly at this time.

More details will be forthcoming early next week to update the community regarding the start of Semester 2.

Regards

KPIS Leadership Team
